Brieuc Collet, Researcher in Space Physics

collet.b@tohoku.ac.jp brieuc.collet.astro@gmail.com Website
0000-0003-1314-9632 ADS Page

Space physics researcher specialized in planetary wave-plasma instability

Employment History

2025– 2027 **Post Doc** PPARC, Tohoku University, Japan
Understanding Mercury and the Jovian environment with in situ radio measurements from Juno, BepiColombo and Juice

2022– 2025 **PhD in Astrophysics** Lab of Astrophysics of Marseille, Aix-Marseille University, France
Understanding the microphysics of Jovian radio auroral emissions with Juno space probe

Education

2022 – 2025 **PhD in Astrophysics, Aix-Marseille Université**

2021 – 2022 **Master's Degree Plasma Physics, Paris Saclay University**

2019–2020 **Bachelor's Degree of Fundamental Physics, Paris Saclay University**

Teachings

2022-2025 **Teaching Assistant**, 192h, Aix-Marseille University

Scientific Outreach

2022–2025 **Festival of Astronomy of Provence**

Fête de la Science - French Science Diffusion Day

Skills

Programming Proficiency in **Python**, Knowledge in **C++** and **IDL**

Astronomy Observation nights at Observatory of Haute Provence

Community Activities

2022–2025 **Laboratory's Sustainable Development Group Member**

Laboratory's Seminar Organizing Committee

2023–2025 **PhD Representative in Laboratory Council**

2025 **Local Organizing Committee** for PREX, Marseille France

2025-2026 **Reviewer** for PREX proceedings and Geophysical Research Letters

Associate Scientist BepiColombo/Mio/PWI/Sorbet

2026 **Metadata creation for VESPA** for Hisaki and IPRT data

Awards

2022 PhD grant

2025 **Best PhD presentation award**, Planetary, solar and heliospheric Radio Emissions X, Marseille, France

Conferences

2022 **French National Sun-Planet meeting (ATST)**, Marseille, France

Planetary, solar and heliospheric Radio Emissions IX, Dublin, Ireland

2023 **Chapman Understanding Alfvén Waves in the Sun and the Heliosphere**, Berlin, Germany

2024 **Astroradiofr24, French radio frequency astrophysics, towards SKA**, Paris

French National Sun-Planet meeting (ATST), Marseille, France

Magnetospheres of Outer Planets, Minneapolis, USA

2025 **EGU General Assembly**, Vienne, Austria

Planetary, solar and heliospheric Radio Emissions X, Marseille, France

2026 **Symposium on Planetary Sciences**, Sendai, Japan

JPGU, Chiba, Japan (next May)

French National Sun-Planet meeting (ATST), Biarritz, France

Magnetospheres of Outer Planets, Toulouse, France (next July)
